

Expert Session on
MCX & SEBI regional awareness program on Commodity
Derivatives.

Introduction:

The Expert Session on MCX & SEBI, held as part of the regional awareness program on Commodity Derivatives, marks a significant milestone in fostering understanding and proficiency in the realm of commodity trading. In today's increasingly interconnected global markets, the ability to navigate the intricacies of commodity derivatives is indispensable for investors, traders, and regulatory bodies alike. This session serves as a vital platform for participants to gain insights from industry experts on the functioning of the Multi Commodity Exchange (MCX) and the regulatory framework established by the Securities and Exchange Board of India (SEBI). Through engaging discussions, practical examples, and in-depth analysis, attendees will not only enhance their comprehension of commodity derivatives but also strengthen their ability to make informed decisions within a regulated and transparent market environment.

A REPORT ON

“INTERIM UNION BUDGET 2024”

Report Prepared by:

Dr. Pooja A Gholap, Ms. Pooja K Kushare & Ms. Wrushali Bhamre

Interim Union Budget 2024-25

Introduction:

The budget outlines how the government plans to allocate its financial resources across various sectors such as education, healthcare, defence, infrastructure, etc. This allocation reflects the government's priorities and goals, ensuring that resources are directed to areas deemed most crucial for national development. Through the budget, the government determines its sources of revenue (taxes, tariffs, etc.) and plans its expenditure accordingly. Effective budgeting helps in managing public finances efficiently, ensuring that government spending remains within sustainable limits and does not lead to excessive borrowing or inflation.

The budget serves as a tool for implementing and achieving these policies. For instance, if a government aims to reduce unemployment, it may allocate more funds to job creation programs

within its budget. A well-planned budget contributes to macroeconomic stability by balancing revenue and expenditure, controlling inflation, and promoting sustainable economic growth.

As there are elections in India in the month of May 2024, the budget declared on 01st Feb 2024 is the "Interim Budget". The final budget will be declared after the new Government is formed in July/ Aug 2024.

Purpose:

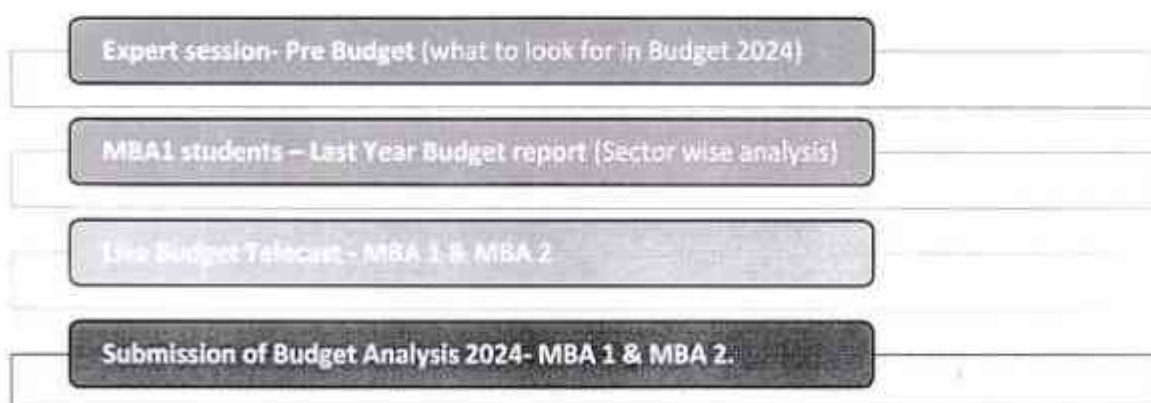

In anticipation of the upcoming Union Budget, it is vital to conduct an expert session for the MBA students on pre-budget analysis that will help students with a vision as to what they have to look for at the budget. Then the showing then the live presentation of the Union Budget by the Finance Minister would gain more importance and lead them in a proper direction.

This report outlines the key purposes behind organizing these events and their significance for our students.

Objectives:

- To make students understand the importance of Union Budget declared for the country.
- To develop student's understanding regarding the Union Budget, its implications and foster critical thinking on fiscal policies.
- To illuminate the impact of the budget on different sectors.
- To hone the analytical skills of the students.

Conduction:

Understanding of the Budget is of crucial importance and hence, to make it more meaningful, ABS introduced the Budget through following steps:

Pre-Budget Analysis

A pre-budget analysis session was conducted by renowned Economist CA Govilkar, providing foundational insights into financial concepts and their relevance in budgetary planning. The session covered various sectors and emphasized key aspects to be considered during analysis. The expert discussed budget allocations, revenue sources, expenditure patterns, and the overall performance of the Indian economy. Sir, explained in detail about the revenue and capital expenditures as well as about the revenue and capital income. When a budget is into deficit and when it is in surplus he focused on these areas too. Recent times, the Govt. also announces the subsidies for various class of groups and businesses, so what impact these subsidies have on the budget of any country was discussed too.

Post the Live Budget Session 2024

After the live budget session, the students were asked to submit their take on the budget in various sectors and areas. Such report gives students a chance to look closely at the budget and see how it affects different parts of our economy, society, and people's lives. They'll study the government's plans for spending money, new rules, and ideas. This helps students understand what's most important for our economy and what problems or chances might come up. Doing this helps students get better at understanding money decisions and thinking about how they affect everyone in our country. Plus, by doing this post-budget analysis, students can share smart ideas and thoughts about how we can manage our money and make our country better.

To help the students for writing this report and also go through the entire budget analysis, Ashoka Business School distributes the copy of ECONOMIC TIMES newspaper to all the students. This not only helped the students to write the Post Budget Analysis report, but also made them understand the views of various financial experts about the Budget 2024.

Outcome:

The outcomes of conducting such activity are as follow:

1. Students gained a comprehensive understanding of the fiscal policies proposed in the Interim Union Budget 2024-25, enabling them to grasp the intricacies of budgetary planning.
2. The activity encouraged students to engage in critical thinking, enabling them to analyse budgetary provisions from multiple perspectives and assess their potential implications.
3. Through the analysis of sector-specific initiatives, students honed their analytical skills, equipping them with the ability to dissect complex fiscal policies and evaluate their efficacy.

Conclusion:

The activity conducted on the Interim Union Budget 2024-25' served as a valuable platform for management students to deepen their understanding of fiscal policies and enhance their analytical capabilities. By fostering critical thinking and encouraging thorough analysis, the activity empowered students to navigate the complexities of budgetary planning effectively. Such initiatives are integral in preparing future leaders to tackle the economic challenges of tomorrow.

Proposal for Book Review Competition

Introduction

The Book-Review Competition is organized with the objective of developing students' critical and analytical abilities. To encourage them to read literature and analyse literary texts has been the motive behind organizing this event.

Purpose

By creating the book review contest, we are not only encouraging readers to share impressions and recommend works they found admirable and captivating, but are addressing the issue of rediscovering works that may have become neglected, forgotten or marginalized in the digital age. A compelling review can inspire people to pick books they may not have chosen on the basis of their usual searching preferences. An inspiring review can become a literary design in itself, a new and intimate link between the content and the reader.

Objectives

1. To inculcate the reading habits and improvise on the critical analysis of an individual. T
2. To involve the students into the college and make learning a fun in a creative way.
3. To help strengthen students' reading comprehension and writing skills in an engaging and fun way.

Arrival at Ashoka Business School, Nashik at 3:00 AM.

Highlights:

Mapro Foods Visit: Students gained insights into food processing, packaging, and marketing strategies. They interacted with industry professionals, enhancing their understanding of real-world business operations. The students were first taken through a video presentation on the humble beginnings of Mapro and how they evolved into production of various food products while engaging with the local community. We were then guided through the production process of Chocolate making and juice processing at the plant. Enroute, the students got a taste of the various offerings of Mapro and had an opportunity to buy their products.

Local Sightseeing: Activities such as boating at Veena Lake added recreational value to the Industrial Visit, allowing students to unwind and enjoy the natural beauty of the surroundings.

Trekking to Pratapgarh Fort: The trek provided students with physical exercise and encouraged teamwork and cooperation. It also offered historical and cultural exposure, enriching the educational experience.

Conclusion: The Industrial Visit to Mahabaleshwar served as an enriching educational experience, combining practical industry exposure with adventure and recreation. Students not only gained insights into the food industry but also developed valuable teamwork and leadership skills. Such initiatives play a crucial role in holistic education, preparing students for the challenges of the corporate world.

STUDENT RESEARCH PROJECT SCHEME

INTRODUCTION:

Today the educational world is adopting research as a core part of its curriculum. Research would be something that would enhance the conceptual knowledge of a faculty as well as a student by giving them a practical connect that directly contributes towards the growth of the society. So, bringing research into teaching-learning methods has become the need of an hour. Having an in-depth analysis of the things can not only make learning fruitful but also enrich the knowledge in one's area of interest. Research is something that needs to be searched again and again. It's a never ending process, as knowledge has no limit. The educational accreditation board NAAC, has laid down the 7 criteria out of which one is research. This way research is gaining more and more importance as it is leading the educational world to a real world of learning, where the student or a faculty can search for more and more hidden facts and add on to the new knowledge creation for the coming generations to work on. According to the NAAC, institutes need to integrate education and research in various disciplines to sustain as centres of academic excellence. Three units of Ashoka Education Foundation have accredited by NAAC. To comply with NAAC peer team recommendations from the first cycle in regards to student's research, AEF-HE initiated a constructive step towards designing "STUDENT RESEARCH PROJECT SCHEME (SRPS)" Through this initiative, students would be encouraged and promoted to take a lead for innovative research project. This step will not only help to develop research culture among the students but will also be surely known as a distinct feature of the institutes under the umbrella of AEF-HE. Research creates new knowledge, insights, and imparts excitement, vibrancy, and dynamism in educational process. Research culture and academic integrity need to be promoted amongst students. As a part of the quality mandate, Ashoka Education Foundation is proposing this scheme to instill research culture amongst the students under the guidance of faculties. SRPS will focus on solution-driven research by addressing the needs of local/ regional communities and possibly the national as well as international priorities.

Objectives:

1. To create awareness towards Research among the Students.
2. To make Students well acquainted with the importance and opportunities involved in the research work.
3. To inculcate research culture in the Institute and among the students.
4. To identify young talent, build capacity, promote innovation and support inter-disciplinary research in collaboration with faculties.

Student Research Project Scheme

All Faculties are hereby informed about the faculty preference given by students for the SRPS and the subsequent list of groups formed and attached herewith. The faculty guides are also requested to connect with their research mentees and start their research work which is expected to end by March 2024. Those who do not have any students for SRPS are advised to motivate their mentees and start research with atleast 1 group. It is at the same time expected that the research with students is taken to the final stage of completion and materialize this activity.

NB: Please find the list of the students, guides along with their specializations overleaf. You are requested to sign and acknowledge.

SUMMER INTERNSHIP PROGRAM

1.0 INTRODUCTION

The Summer Internship Program (SIP) forms an important component of education at Ashoka Business School (ABS). It is an attempt to bridge the gap between the academic institution and corporate world. At ABS, students undertake 8 weeks SIP at the allotted organization during the intervening period between close of Semester II and commencement of Semester III. The program carries a weightage of 6 credits. The SIP, which would be a simulation of real work environment, requires that the students undergo the rigor of professional environment both in form and substance. In the process, it provides an opportunity for students to satisfy their inquisitiveness to know more details, exposes them to technical skills, and helps them to acquire social skills by drawing them into communication with professionals for continuous interaction.

For proper coordination and ensuring organized and smooth conduct, each student would be under the guidance of an ABS faculty mentor. A representative of the industry/organization – Industry Mentor also guides the student and assists the faculty in monitoring the student's progress.

Assignments

SIP is a vehicle for introducing students to real-life situation, which cannot be simulated in the classroom. Therefore, SIP assignments must necessarily be those of direct interest to the host organization. Students are encouraged to take up assignments, which are multi-disciplinary, involve teamwork, are mission and goal oriented, and are time bound. Solutions to various problems confronted in the assignment might be open ended, involving an element of analytical thinking, processing and decision-making in the face of insufficient data parameters and uncertain situations.

2. UNIVERSITY GUIDELINES

Summer Internship Project: At the end of Second Semester each student shall undertake a Summer Internship Project (SIP) for 8 weeks. It is mandatory for the student to seek advance written approval from the faculty guide and the Director of the Institute about the topic and organization before commencing the SIP. The SIP may or may not have a Functional Focus, i.e. the student may take up a SIP in his/her intended area of specialization or in any other functional area of management. Ideally the SIP should exhibit a **cross-functional orientation**. The student shall submit a written structured report based on work done during this period.

SIP can be carried out in:

- a) Corporate Entity
- b) NGO
- c) SME
- d) Government Undertaking
- e) Cooperative Sector

SIP may be a research project – based on primary / secondary data or may be an operational assignment involving working by the student on a given task/assignment/project/ etc. in an organization / industry. It is expected that the SIP shall sensitize the students to the demands of the workplace. *The learning outcomes and utility to the organization must be specifically highlighted.*

Internal Quality Assurance Cell
Ashoka Business School, Nashik

Director
Ashoka Business School

The report should be well documented and supported by:

1. Introduction/ Executive Summary.
2. Objectives of the Study.
3. Company/ Organization profile (including Organization Chart).
4. Research Methodology (Statement of Problem (Review of Literature), Hypothesis (if any), Research Design.
5. Data analysis, Data Interpretation & Hypothesis Testing.
6. Relevant activity charts, tables, graphs, diagrams, etc.
7. Suggestions & Recommendations.
8. Conclusions.
9. References in appropriate referencing styles. (APA, MLA, Harvard, Chicago Style etc.)
10. Appendix (Questionnaire, Data Sheets etc.)

It should reflect the nature and quantum of work undertaken by the student. The report must reflect 8 weeks of work and justify the same.

The completion of the SIP shall be certified by the respective Faculty Guide & approved by the Director of the Institute. The external organization (Corporate / NGO/ SME/ Government Entity/ Cooperative/ etc.) shall also certify the SIP work.

The student shall submit **TWO hard copies & one soft copy (CD)** of the project report in Sem III.

SIP shall have a weightage of 6 credits.

There shall be an external viva-voce for the SIP for 50 marks. The external viva-voce shall be conducted after the theory exam of Semester III.

The Internal & the External viva-voce shall evaluate the SIP based on:

1. Adequacy of work undertaken by the student
2. Application of concepts learned in Sem I and II
3. Understanding of the organization and business environment
4. Analytical capabilities
5. Technical Writing & Documentation Skills
6. Outcome of the project – sense of purpose
7. Utility of the project to the organization
8. Variety and relevance of learning experience

3.0 DISCIPLINE AND CONDUCT

Attendance

100% attendance during SIP is compulsory. However, if for any genuine reason a student is not in a position to report to the SIP organization on any day, he/she should obtain formal permission for leave of absence as per the rules and regulations of the SIP organization. Permission should also be taken from the ABS faculty in charge of the SIP project. Such leave of absence should not be taken for more than one week in the entire duration of SIP.

Conduct and Behavior

The students during SIP are placed in the role of ambassadors of ABS. The Institute would always expect students to maintain professional and social imprints of high standards in the organization. ABS expects that the student shall at all times during SIP conform to the rules and regulations of his/her place of work. It is particularly important to be regular, punctual and obedient at work. During the period of SIP the student shall be subject to the leave rules of the organization he/she is working. The student should ensure strict adherence to the timings of the organization.

Unprofessional behaviour, misconduct, indiscipline, irregularity at work and unsatisfactory performance will lead to cancellation of SIP. Consequently, students will not be permitted to register in Semester III resulting in the loss of at least one year besides any other form of academic action ABS might deem fit to impose.

4. RESPONSIBILITIES

STUDENTS

- Strictly follow the SIP guidelines under the guidance of the faculty guides.
- Prepare Industry/Company profile as soon as possible after commencement of the SIP and submit it to the Faculty Guide.
- Have continuous interaction with the Faculty Guide, the Placement Executive and the Company Guide.
- Report constraints if any should be discussed with the Faculty Guide without delay.
- Submit reports as per the SIP calendar.
- Take presentation as an opportunity to impress the host company and ensure its success.
- Endeavor to secure pre-placement offer in SIP Company through dedicated work and result orientation.

5. SIP EVALUATION

EVALUATION CRITERIA

The project work at each stage will be evaluated based on

Parameters: The general parameters have been identified based on interactions with faculty members of ABS.

Project Specific Parameters: Project specific parameters will be defined for each stage of evaluation by the faculty guide.

EVALUATION STAGES

The various stages of SIP Evaluation are as follows:

Stage 1: Initial Information Report (IIR)

This report is to be submitted by the students to ABS Campus as per pro forma attached as Annexure - II. Care must be taken to ensure that all information provided in this report is accurate.

The IIR is not a component of evaluation but it is mandatory and subsequent events are executed on the basis of the information provided in IIR. All students must submit a copy to ABS Faculty Guide.

Stage 2: Project Proposal

The Project Proposal must cover the following aspects:

- (i) *Synopsis*: A statement of about 100 words describing what the project is about.
IIR*-Initial Information Report
- (ii) Organization profile
- (iii) *Objective*: Stating what the project will accomplish and the value-addition to the company.
- (iv) *Statement of a problem*: Outline of the problem/task undertaken
- (v) *Limitations of the Study*.
- (vi) *Proposed Methodology*.
- (vii) *Schedule*: A time frame indicating steps that will be required and the expected date when they will be completed.
- (viii) *References*: Initial list of bibliographic and Internet materials that would be used to complete the project. References should be in appropriate referencing styles. (APA, MLA, Harvard, Chicago Style etc.)

Copy of Project Proposal should be submitted to ABS Faculty Guide as well as the Company Guide on or before the date declared by Institute.

Stage 3: Interim Report

Report: The Interim Report is an interim version of the final report. By this time the student would have done substantial work on his/her project. This report is an attempt to document the work done so far by the student and how he/she expects to proceed further. An interim report must contain:

- (i) Cover
- (ii) Title Page
- (iii) Executive Summary of the work till that date
- (iv) Introduction
- (v) Outline of the problem/task undertaken
- (vi) Research Methodology
- (vii) Organization profile
- (viii) Data analysis (in case of research projects only) (Relevant activity charts, tables, graphs, diagrams, etc.

- (ix) Learning of the student through the project
- (x) Contribution to the host organization
- (xi) References in appropriate referencing styles. (APA, MLA, Harvard, Chicago Style etc.)

Copies of the interim report should be submitted to ABS Faculty Guide as well as the Company Guide.

Stage 4: Final Report

Report: The Final Report (project report), the written component of evaluation, is to be submitted on completion of the project. The Project Reports are to be prepared based on the guidelines given in Annexure - III.

6. IMPORTANT TIPS

Projects under the SIP could be of significant importance to the host organization - in terms of their objective of "Technical Documentation" aiming at updating or modernization of information systems. Therefore, please take care in properly documenting your work. Consult your ABS Faculty Guide for any problems faced by you.

Apart from giving you an exposure to real work situations, the SIP provides you with a meaningful opportunity to learn the art and skills of information/data identification, classification, acquisition, processing and presentation.

The students during SIP are placed in the role of ambassadors of ABS. The students should maintain professional and social imprints of high standards in the organization. Good behavior and mannerism would help in nurturing a long-term relationship with the organization, which could even translate into placement an opportunity.

The students are advised to strictly adhere to the deadlines of submission of reports and making presentations. **Non-submission of reports by the due date may lead to the student not being evaluated for the evaluation component.**

The students are advised to submit the project report to the host organization for scrutiny before submitting to the faculty guide. This gives assurance to the host organization maintaining secrecy of the certain confidential data.

7. DO'S AND DONT'S FOR STUDENTS DURING SIP

DO's

- Always maintain formal dress code.
- Be polite in your dealings and maintain cordial relationship with the Company Executives.
- Always be positive and open to suggestions.
- Always make a note of important points.
- Get in touch with the Faculty Guide, if situation warrants.
- Maintain strict confidentiality of the company's information.
- Focus on assignment and complete the individual tasks allotted on schedule.

DONT'S

- Should not criticize the company's policies and the executives.
- Should not make any adverse comments about the campus or the faculty guides.
- Should not get into arguments and lose temper.

Title: Get your Artist

Abstract: The lack of accessible platforms for artists to connect with clients and sell their work has created a fragmented marketplace. Many talented artists remain undiscovered, and potential buyers struggle to find suitable artwork or talent. To address this, *Get Your Artist* has been developed as a user-friendly app that allows for the easy booking of artists and the sale of artwork. The app simplifies interactions between creators and consumers, fostering a more efficient and vibrant artistic marketplace. 'Get Your Artist' is a specialized, user-friendly app that connects artists with clients, allowing users to easily book artists for projects or purchase artwork. This platform simplifies transactions, enhances visibility and foster a focused marketplace for artistic talent expression.

Title: Doughful Cutlery: An Innovation with Sustainability

Abstract: The project lies on the pillars of sustainable development. It focuses on promoting the usage of edible cutlery and reducing the usage of non-sustainable single use cutlery. It is eco-friendly and produces zero waste. The edible cutlery item includes spoons, forks, plates and cups, 40 billion plastic utensils are used and discarded all over the world annually. Millions of trees are cut for the sake of making wooden and paper cutlery. Our goal is to swap the usage of these cutleries with the sustainable ones and create more awareness towards sustainability among the users thereby making the world a greener and safe place for the future generations.

Distribution of Old clothes activity as on 12th June, 2023

Introduction:- Double the impact with just one act! By donating your unwanted clothes to the poor, street side people. Many among India's poor and underprivileged are short of adequate clothing. Clothes donation not only make lives of the underprivileged better but also promote the eco-friendly concept of recycling.

In our urban homes, we have clothes that do not fit us anymore. As children grow up, they outgrow their clothes every year. So instead of storing the old clothes or throwing them away, donate used clothes because what is waste for you could be a resource for the less fortunate.

Objectives:-

1. To develop Sense of awareness in students.
2. To have sense of empathy.
3. To create students sensible towards society.

Webinar on Soil: Where Food begins on 7th July, 2023

Introduction:- Soil, often regarded as the unsung hero of agriculture, plays a pivotal role in the entire food production process. It is a living, dynamic ecosystem that provides a habitat for a myriad of organisms and serves as the anchor for plant growth. As we explore the depths of this vital resource, we will unravel the intricate web of interactions between soil, plants, and the environment, delving into the fascinating science that underlies our agricultural systems.

Objectives:

1. To educate on soil fundamentals
2. To address challenges in soil management
3. To promote awareness.

Tree Plantation as on 19/07/2023

INTRODUCTION: Tree planting is recognized as one of the most engaging, environmentally-friendly activities that people can participate in to help the planet when done properly. Trees provide numerous long-term and short-term benefits. They not only look nice, but they also remove and store carbon from the atmosphere, slow heavy rain and thus reduce the risk of flooding, improve air quality, and reduce the urban heat island effect by reflecting sunlight and providing shade. We are taking steps to encourage ordinary people to participate in “tree plantation” programmes and to raise awareness about the importance of tree plantation in combating climate change. Trees provide clean air for living beings to breathe and generate energy. The importance of plantations for a healthy life free of suffocation and pollution cannot be overstated, particularly in urban areas.

OBJECTIVES:

- 1) To understand the importance of tree plantation.
- 2) To understand the benefit of clean air by plantation.

Collection and distribution of study material for orphans

“Reaching to the Unreached”

Introduction:- We firmly believe that education is the insurance for future. No child should miss out on studies even in this unprecedented time. Our initiative to distribute books to children, particularly those from vulnerable and underprivileged backgrounds, will help them not give up on their dreams. Education is every child’s birth right. Unfortunately, there are too many kids who go to school but do not get basic stationary such as notebooks, pencils, erasers, pens, colour boxes, school bags etc. There are times when the kids do not even have text books even though they wish to study and appear for exams. We, ABS under the ISR cell are trying our best to reach out to many such kids in every possible way.

➤ **Objectives:**

1. To create a fair chance to read and write for every student.
2. To provide access to education through donation

Diwali celebration with Adhartirth Anath Ashram as on 7/11/2023

Introduction : Diwali, derived from the Sanskrit word *dīpāvali* meaning "row of lights," symbolizes the triumph of light over darkness, good over evil, and knowledge over ignorance. Celebrated during the Hindu lunisolar month of Kartika (mid-October to mid-November), this five-day festival holds immense cultural and spiritual significance across the Indian subcontinent.

This year, we embrace the true spirit of Diwali—giving, sharing, and spreading joy—by celebrating with the children at an orphanage. It is a small step towards making this festival of lights brighter for those who need it most.

Objectives:

1. To spread happiness with the kids.
2. To have sense of togetherness
3. To build bonding and belongingness with orphan kids
4. To develop Sense of awareness in students.

Sankranti celebration with Old age home as on 15th January, 2024

Introduction: Makar Sankranti is a widely celebrated Indian festival that marks the transition of the Sun into the zodiac sign Capricorn (Makara) according to the Hindu solar calendar. Observed annually on January 14th or 15th, it signifies the end of the winter solstice and the beginning of longer days, symbolizing positivity and renewal.

This festival is rooted in agrarian traditions, heralding the harvest season across India. It is known by various regional names such as Pongal in Tamil Nadu, Lohri in Punjab, Magh Bihu in Assam, and Uttarayan in Gujarat. Each region celebrates with unique customs and practices, including flying kites, preparing special dishes like sesame-jaggery sweets (til-gud), and taking holy dips in rivers.

Makar Sankranti is also a time for fostering community bonds and expressing gratitude for nature's bounty. Its cultural and spiritual significance makes it a cherished occasion that blends joy, tradition, and togetherness.

Objectives:

- Create an environment of cheerfulness and positivity through engaging and meaningful activities.
- Strengthen the spirit of unity and shared celebration among all participants.

Session on Beyond the glass ceiling Navigating Paths to Gender Equality as on 18/01/2024

Introduction:

Gender equity ensures fair treatment and access to opportunities for all genders by addressing specific needs and systemic disadvantages. Unlike equality, which offers the same resources to everyone, equity focuses on leveling the playing field to achieve fair outcomes.

It involves combating discrimination, closing wage gaps, promoting equal access to education and employment, and challenging stereotypes. Gender equity fosters inclusivity, empowers individuals, and creates a balanced society where everyone can thrive and contribute meaningfully.

Objectives:-

1. Educate students about the importance of gender equity and its role in building an inclusive society
2. Break down gender-based norms and biases through meaningful discussions and activities.
3. Encourage equal participation and opportunities for all genders in various spheres of life.

Holi celebration as on 17th February, 2024 Sheth dungarshi Nagji trust

Introduction

Holi, the "Festival of Colors," is a joyous celebration marking the arrival of spring and the triumph of good over evil. Celebrated on the full moon day of Phalguna (February-March), it begins with Holika Dahan, symbolizing the destruction of negativity. The next day, Rangwali Holi, is celebrated with vibrant colors, music, dance, and festive foods. Holi transcends social barriers, promoting unity, love, and forgiveness, making it a festival of togetherness and renewal.

Objectives:

1. To foster a sense of community by bringing people together to celebrate the spirit of harmony and inclusivity.
2. Create an environment of happiness and fun through the colorful and lively celebration.
3. Provide an opportunity for individuals to connect, interact, and renew relationships in a joyous atmosphere.

Tapovan, Nashik

Dear Executive,

Gratitude Letter

On behalf of Ashoka Business School, we extend my heartfelt gratitude for allowing us to visit Dungalshi Nagji trust and meet the granny's to celebrate holi with them.

Our students have truly enjoyed with you all taking away sweet memories to cherish.

The celebration is not only for few hours but it will leave footprints of togetherness, happy moments of love, sharing and caring.

Once again, thank you and we look forward to meet granny's every year.

Warm regards,
