Average- 85%

Below are the Suggestions / Grievances submitted by Students:

Related to Faculty:

1. Consumer behavior - Lectures are not been conducted only assignment are given as its level of so practical based learning is expected with well-prepared staff. Lecture must be taken continue basis even though there are many activities going on. Same for IMC I demand for change in staff by other faculty.
2. Faculty should be there for teaching us about personality development and communication skills.
3. Help students create clear educational and career plans. Create more opportunities for student leadership development
4. Various lengthy assignments given instead students should be in otter such activities which help in skill development. — Marketing Specialization

Related to Library:

1. Please make more reference book available and other book which we demand.
2. Sports book should be there for reading
3. It will be helpful if we get access to library from 9 am
4. Updated and new books should be available before 2nd semester exams
5. Library should have new syllabus books.
6. We don't have books for Business Analytics Request has been sent to the aef by sir. Still, we didn't got the books. we want the books as soon as possible.
7. Please bi'iiig new edition book as soon as possible.
8. Suggestion regarding allotting books- Give permit to take 5 books during examination period

Related to Infrastructure:

1. Canteen and washroom cleanliness
2. Too many mosquitoes in the campus
3. Please provide canteen facility soon.
4. If possible start canteen coz need of refreshment after 4 plus during lunch is need, overall so far so 3.

(V. Sonkamble)

I. Conclusion-

A semester end feedback (SEM III June-Dec 2020) related to teaching and Library was recorded. This time the Infrastructure feedback could not be collected due to online mode. The feedback has no such considerable suggestions from the students regarding Teaching-learning. But they have marked their requirements about the library systems which is communicated to the Librarian for the appropriate and feasible action. It is observed that the feedback about the teaching of regular faculty members is more satisfactory than the visiting faculties. The proper inputs could be provided to the visiting faculty members before the sessions. Also the online factor could also be the reason for both the subjects as they were the technical subjects as such where offline mode could be more effective. Still the improvement will be ensured through monitoring and observations. The related feedback is communicated to all the faculties and related plan of action is submitted by the faculties whose average feedback for all courses was observed lagging (below 80%). Also plan of action from Librarian is received for improving services of library as per the suggestions received from the students

Below are the Suggestions/Grievances submitted by Students-

Related to Faculty:

1. All students should get attention for initiatives
2. At the end of online class summarising the topic will help.
3. Training and placement guidance should start more effectively soon.
4. Online learning is not feasible to us and it's really hard to concentrate on some of the lecture moreover subject which are compulsory and complete evaluation is on University level it's going really tough to me.
5. Sessions could be more interactive.
6. Llecisiuii Science benig a pructic•o1/numerical subject. it becomes difficult to understand it online. ThC study ll3dtrciol/notes can be provided in the form of ppt or teaching notes.
7. Everything is fine. Just facing range problems

Related to Library:

- i. PDF of previous question papers, Answer/assignments pdf if provided can be very useful
2. Students should be informed about the details and books in advance
3. All books related to syllabus should be available.
4. We need last year question papers, sample project reports, and books. We are facing trouble in combating with our academic objectives in this period as we don't have Access to library like before.
5. We want books on online mode for study
6. No suggestion. Everything is excellent. Very happy with faculties and non-teaching staff for the way they are managing to be connected with us even in this lockdown period.
7. New books needed
8. Please bring online books for all subjects. Thank you
9. Provide online study material
10. New books should be added latest edition
11. More books for BA
12. Extra books and some novels
13. Everything is organized no suggestions.

Director FC

Faculty / Library / Infrastructure Feedback

Below are the Suggestions / given by Students:

Related to Faculty:

1. The way of talking with some students by nanesh mutha sir is not good just have one problem in campus and overall its good and the director is very helpful and have no issues with any other thing.
2. Language lab should be compulsory for those students who cannot speak English properly...It will helpful for them

Related to Library:

1. New syllabus book
2. Please bring books of updated syllabus.
3. Revised syllabus books
4. Improvement of light
5. We need the reference books of nirali for some subjects, please try to provide us
6. The new addition of books to be brought.
7. NEW EDITION BOOKS AND SOME BOOKS ARE NOT AVAILABLE
8. Please provide we need latest edition books for First year
9. Increase library hours and please work on new edition.
10. Library is good but still is not updated. Still 2019 syllabus books are not available and also for some subject library staff straight away say no due to tio books available. This should be taken into consideration.

Related to Infrastructure:

1. There were a lot of mosquitoes in the campus lately.
