The Director In-charge of ABS and the Coordinator of the event Prof. Manisha Bhamre spoke about the importance of the day.

Human Rights Day is celebrated annually on 10th December to recognize the date when the Universal Declaration of Human Rights was adopted by the United Nations General Assembly in 1948. The Declaration was created by representatives from a variety of legal and cultural backgrounds for the purpose of establishing universal rights that elevate human dignity and worth, increase equality, and support justice. She said that it is pivotal that all strive for the protection of the fundamental rights and freedoms which all human beings are entitled to. The Director, HE, Ashoka Education Foundation, Dr. Gujarathi urged the students to encourage them to stand up for human rights. The students could add their voices by recording themselves by reading one of the Articles of the Declaration in their own language. The link to the United Nations website to record their video was shared. They could then post the video on social media with the #StandUp4HumanRights and #RightsOutLoud hashtags to increase awareness. Such support would help Universal Human Rights to be heard, understood, and spread around the world.
