An online session on "Energy Conservation" was organized on the occasion of Indian Energy Conservation Day by the Literary Club of Ashoka Business School. The Resource person, Ms. Tanaya Patil said in her speech, "Energy Conservation Day is celebrated every year to create awareness among the people about the importance of energy conservation and energy efficiency. With the increase in population, the need for energy is also increasing. Energy conservation is an effort to save energy sources for future use, either by using energy more efficiently or by reducing the amount of service used. It is said that our energy resources can only last for 40 years. The students and the faculties attended the online session and appreciated it .
